Subject: Invitation to Christmas Celebrations & Holiday Notification - Reg.

Dear Parents and Students,

May God fill your Yuletide season and all your days with immeasurable prosperity and joy. Sending prayers and hearty Christmas greetings to you. May you receive the most special of God's blessings during this Christmas season.

This is to inform you that the **STEM School will be buzzing with excitement as we celebrate Christmas on Saturday, December 21, 2024,** on our school premises. Christmas was originally a day to commemorate the birth of Lord Jesus Christ. To bring colour to this Christmas celebration, teachers have planned wonderful and colourful performances with the children.

We cordially invite you to join us in this Christmas Celebration on **Saturday, December 21, 2024**, from **1.30 p.m. to 3.00 p.m.** Parents are encouraged to take an active role in this event.

Note: The school will remain closed for Christmas holidays from 22nd to 26th December. Please note that all students are expected to return to school on 27th December, as we have scheduled games for the Annual Sports Day.

Wishing you a joyous Christmas and a happy holiday season!

Regards,
STEM School.
