Subject: Guidelines for Birthday Celebrations at STEM School

Dear Parents,

Warm greetings from STEM School!

Birthdays are cherished moments in a child's life, and at STEM School, we take joy in celebrating them in a meaningful and memorable way.

To make the day special:

- The birthday child will be invited on stage during the morning assembly, where the entire school comes together to sing birthday wishes for them.
- Children celebrating their birthday may come to school in neat, colourful/new clothes instead of the regular uniform.
- **Distribution of chocolates, stationery items, gifts, or even small candies is strictly not allowed.**

We kindly request your support in helping us maintain this thoughtful practice. Please encourage your child to embrace this simple, joyful celebration as a moment of gratitude and togetherness.

Thank you for your continued cooperation.

Regards,

STEM School
