

December 22, 2025

Subject: Christmas Celebrations & Holiday Notification.

Dear Parents and Students,

"Christmas is a season of love and reflection, reminding us that nurturing young hearts with kindness shapes a better tomorrow."

This is to inform you that the **STEM School** will be buzzing with excitement as we celebrate **Christmas on Tuesday, December 23, 2025, from 2:00 p.m. to 4:00 p.m.** The celebration will be conducted for students during school hours on our school premises. Christmas was originally a day to commemorate the birth of Lord Jesus Christ. To bring colour to this Christmas celebration, teachers have planned wonderful and colourful performances with the children.

Note: The school will remain closed for Christmas holidays **from 24th to 28th December.**

Please note that all students are expected to return to school on **29th December.** Please note that attendance on 29th December is mandatory for all the students.

Wishing you a joyous Christmas and a happy holiday season!

**Best Regards,
STEM School.**
