Subject: Students' Birthday Celebration.

Dear Parents,

We understand the importance of birthdays in every child's life. To make our students feel special, birthdays will continue to be acknowledged during the morning assembly with birthday wishes and blessings from the Principal and teachers.

It has been observed that some parents wish to celebrate their ward's birthday on the school premises by sending cakes, chocolates, sweets, gifts, and other items. Such practices may create unnecessary expectations among other students.

Therefore, parents are kindly requested not to send cakes, chocolates, sweets, toffees, gifts, return gifts, or any other items to school on their ward's birthday.

Henceforth, birthday celebrations at school will be limited to:

Birthday wishes during the morning assembly.
Blessings from the Principal and teachers.

Students who wish to celebrate their birthdays at school are requested to follow these guidelines:

Only decent attire may be worn.
Jewellery should not be worn.
Distribution of cakes, chocolates, sweets, toffees, gifts, or any other items is strictly prohibited.
Gifts to staff members or fellow students are not allowed.

Note: Parents of birthday students will not be permitted to enter classrooms for birthday-related celebrations and are requested not to seek special permission for the same.

We appreciate your cooperation in maintaining simplicity, equality, and discipline within the school.

Thanks & Regards,
STEM School.
