Subject: Greeting card making session – Father's Day

Dear Parents,

Greetings from STEM School!

To celebrate the love, guidance, and unwavering support of fathers, the school is organizing a **Greeting Card Making Session** for students of **Grades I to VIII** on **20th June** in observance of **Father's Day**.

Students will have the opportunity to express their gratitude and affection by creating handmade greeting cards for their fathers.

Students may bring the necessary materials required for card making, such as chart paper, colored sheets, sketch pens, crayons and other craft supplies.

We encourage all students to participate enthusiastically and make this occasion a memorable one.

Best Regards,
STEM School.
